Since its inception in 2007, CouldYou? (CY) has established itself as a respected non-profit that offers consulting and transformational travel to Africa. The purpose is so that people can do business and charity, specifically connecting people of integrity and influence from the West with African Leaders of Integrity so there are African solutions to African problems. We believe in holistic solutions, in building a better world for future generations, and in doing business with integrity. We believe it is an honor to be a part of shaping the future of the continent, and we treat this opportunity with the respect and moral obligation that it deserves.
